

## **Engineering Stores Person**

**Location:** Blagdon, North Somerset

**Job Level:** 2U

**Salary:** Competitive

**Closing Date:** Friday 14 June 2019

**This role is open to internal applicants only.**

### **So what will I be doing?**

As Engineering Stores Person, you will be joining the Engineering team in a distinctive, ambitious and trusted manufacturing company that is committed to making great British dairy the right way. Forever. Working closely with the Engineering Stores Coordinator you will be responsible for undertaking administrative duties to ensure the supply of parts and materials are available to support the engineering function on site.

Key responsibilities will include:

- Monitoring store processes and inventory movement through the Maintenance Management System
- Handling purchase order requests and replenishing stock
- Managing consumables through effective interaction with the engineering team
- Following suitable supplier controls to ensure the high quality of food safety
- Supporting the preparation of Seal Strip kits in line with the planned maintenance schedules

### **Sounds interesting, what do I need?**

- Experience of working within a manufacturing or processing environment
- Good attention to detail and organisational skills
- Experience of maintaining high standards of Health and Safety
- A good standard of numeracy, literacy and computer skills including Microsoft Office
- Analytical skills

### **How do I apply?**

To apply please send a copy of your CV and a covering letter to [careers@yeovalley.co.uk](mailto:careers@yeovalley.co.uk)

**Closing date:** Friday 14<sup>th</sup> June 2019

Please bear in mind that our closing dates are used as a guide for when the application window is expected to close. We reserve the right to close the application window sooner than the date displayed if we can. **We therefore recommend that you get your application in straight away – and don't miss the opportunity to join us.**

### **Why should I join the family?**

At Yeo Valley we are independent, British and proud to be making the highest quality yogurts, desserts and ice cream under the Yeo Valley brand and for many of the UK's major retailers. Operating from four dairies and two logistics centres in Somerset and Devon, we employ over 1700 staff and produce more than 25% of the UK's packaged yogurt.

We're sure you don't need convincing, but there's a whole host of benefits that we offer including: 25 days' holiday, plus bank holidays, pension scheme, healthcare, childcare vouchers, cycle to work scheme, subsidised products and services and preferable rates with our partners.
